Login Area:

- Your Login ID is what you used when registering your student.
- Your password is what you used or changed when registering your student.
- If you do not remember your password, click the “Forgot your Login/Password?”

***If you have multiple students in the District you only need one account. You will be able to view all your children in the District from one account.

Once you are logged into your account, click on the “Gradebook” tab on the left side of the screen.

***If you have more than one student in Calumet School District 132, you will need to choose the student’s name first.

Go to the top left corner, click on the triangle pointing down, and choose the student you would like to see. Then choose the Gradebook tab.

From here you are able to see your student’s grades, work, and missing assignment in each class.
