Calumet Public School District #132

To All Parents/Guardians:

The 2020 - 2021 School Year has gotten off to a great start! To ensure the safety of our students, we have started off our school year with our students learning remotely. As I stated at the Back to School Parent Orientation, please try your best to set aside a quiet and comfortable area in your home for your children to work at on a daily basis. We are continually monitoring the state of the pandemic to make certain that we are doing everything that we can to keep our students and community safe. Thank you for registering your children and encouraging them to do their very best every day. Our team have been continuously looking for innovative and effective ways to keep our students engaged and excited about reaching their highest potential possible. Our Open Houses will take place this month virtually and will be extremely informative. Please join me in looking forward to a rewarding and productive year!
